COALITION

Commute Solutions for Cleaner Air

TRY PARKING IT!

June is Commute Solutions Month. Employers throughout North Texas are joining together to fight for cleaner air — and you can help.

The main problem is too many people driving alone to work. Be part of the solution by parking your vehicle even for just a day during June, July and August. You will be eligible to win great prizes like tickets on Southwest Airlines.

To learn how, visit
www.TryParkingIt.com
or contact your Employee
Transportation Coordinator.

ETC name and phone number
